**Circling is a new and fast growing practice that can really raise the bar for what is possible in relationship and personal embodied excellence.**

**It is a relational meditation based on authenticity that honours and explores what is arising in the moment leading to deep experiences of presence and intimacy.**

**John Thompson and Sean Wilkinson are Europe's leaders in the practice of Circling and are coming to New York for the first time. They are both Integral coaches, published authors and deeply committed embodied practitioners.**

---

*I not only endorse the work Sean and John are pioneering in Circling, I highly recommend experiencing a weekend with these guys, sooner the better. They will undoubtedly become grand masters in the next several years!"*

**Decker Cunov (founder of Circling and president of Authentic World)**
